An Introduction To Co Ordination

This page explains the terms complex ion and ligand, and looks at the bonding between the ligands and the central metal ion. It discusses various sorts of ligand (including some quite complicated ones), and describes what is meant by co-ordination number.. Complex metal ions containing simple ligands

The ordination of women to ministerial or priestly office is an increasingly common practice among some major religious groups of the present time, as it was of several pagan religions of antiquity and, some scholars argue, in early Christian practice. [citation needed] It remains a controversial issue in certain Christian denominations where "ordination" (the process by which a person is ...

Examining the Catholic Faith - Introduction

The following is a list of buildings in Sri Lanka which were designed in the office of Edwards, Reid and Begg under the direction of Geoffrey Bawa between 1958 and 1989 or by Geoffrey Bawa Associates between 1990 and 1997, and which have survived more or less intact.

» Introduction Geoffrey Bawa

This gives us two diametrically opposed concepts. The first is a combination of dynamic complexity and global optimization which we will call the systemic/global optimum approach. The second is the combination of detail complexity and local optimization which we will call the reductionist/local optima approach. These are two key concepts that underline much of the discussion and development in ...

Crew (or Cockpit) Resource Management (CRM) training originated from a NASA workshop in 1979 that focused on improving air safety. The NASA research presented at this meeting found that the primary cause of the majority of aviation accidents was human error, and that the main problems were failures of interpersonal communication, leadership, and decision making in the cockpit.
