

Black Politics And Black Political Behavior

Black Politics And Black Political

Political Power. We demand independent Black political power and Black self-determination in all areas of society. We envision a remaking of the current U.S. political system in order to create a real democracy where Black people and all marginalized people can effectively exercise full political power.

Political Power - The Movement for Black Lives

Platform. Black humanity and dignity requires Black political will and power. Despite constant exploitation and perpetual oppression, Black people have bravely and brilliantly been the driving force pushing the U.S. towards the ideals it articulates but has never achieved.

The term identity politics in common usage refers to a tendency of people sharing a particular racial, religious, ethnic, social, or cultural identity to form exclusive political alliances, instead of engaging in traditional broad-based party politics, or promote their particular interests without regard for interests of a larger political group. In academic usage, the term has been used to ...

Identity politics - Wikipedia

Politics refers to a set of activities associated with the governance of a country, or an area. It involves making decisions that apply to members of a group.. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state.. In modern nation-states, people have formed political parties to represent their ideas.
