Required Written Policies and Procedures. Policies and procedures are a set of documents that set forth principles, rules, authorities, responsibilities and actions for an organization's management and operations. They typically identify what is to be done, who is to do it, and how it should be

done.

Policies and Procedures Handbook

Generally accepted accounting principles (GAAP) refer to a common set of accounting principles, standards and procedures that companies must follow when they compile their financial statements. GAAP is a combination of authoritative standards (set by policy boards) and the commonly accepted ways of recording and reporting accounting information.

Generally Accepted Accounting Principles (GAAP)

increased disclosures, accounting policies and procedures, systems and processes, internal controls, customer contracting practices, tax and human resources. In this publication, we focus on the accounting and disclosure aspects of the new standard. Questions continue to arise and the interpretation of the principles in the standard is evolving.
