

## *Hume Essay Concerning Human Understanding*

### **Hume Essay Concerning Human Understanding**

An Essay Concerning Human Understanding is a work by John Locke concerning the foundation of human knowledge and understanding. It first appeared in 1689 (although dated 1690) with the printed title An Essay Concerning Humane Understanding. He describes the mind at birth as a blank slate (tabula rasa, although he did not use those actual words) filled later through experience.

Immanuel Kant (1724–1804) is the central figure in modern philosophy. He synthesized early modern rationalism and empiricism, set the terms for much of nineteenth and twentieth century philosophy, and continues to exercise a significant influence today in metaphysics, epistemology, ethics, political philosophy, aesthetics, and other fields.

Meaning and the Problem of Universals, A Kant-Friesian Approach. One of the most durable and intractable issues in the history of philosophy has been the problem of universals. Closely related to this, and a major subject of debate in 20th century philosophy, has been the problem of the nature of the meaning.. The problem of universals goes back to Plato and Aristotle.
