Presentations look across the American Memory collections to investigate curricular themes. They include historical background, helping to tell the story behind the theme. Activities offer an interactive, "hands on" experience and focus on a specific topic, rather than broad themes. They require teacher direction, but invite students to participate.

INTRODUCTION. The United States is - by size of electorate - the second largest democracy on the globe (India is the largest and Indonesia comes third) and the most powerful nation on earth, politically, economically and militarily, but its political system is in many important respects unlike any other in the world.

According to The College Board's report, Young Lives on Hold, about 65,000 undocumented students graduate from U.S. high schools every year, and just 5-10% of them enroll in college. While that low number can be primarily attributed to systemic roadblocks, it's likely that another significant contributor is the common misconception that college simply isn't a realistic option for these students.
